**CE 297: STATICS**
**Spring 2019 (January 7, 2019 – May 4, 2019)**
***Course Description Revised - January 11, 2019***

1. **Credits and contact hours:**
   3 credits
   Lectures: Mon/Wed/Fri, 12:30 p.m. – 1:20 p.m., PHYS 203

2. **Instructor:**
   **Professor Dulcy M. Abraham**
   Office: HAMP 1241
   Email: dulcy@purdue.edu
   Office hours: Mon/Wed – 1:30 p.m. – 2:30 p.m.
   Other hours by appointment (to set an appointment, please email dulcy@purdue.edu)

3. **Teaching Assistant:**
   **Mriganabh Boruah**
   Office: HAMP 1255 (by appointment)
   HAMP 1115 (TA hours – see below)
   Email: mboruah@purdue.edu
   Office hours (HAMP 1115):
   Tues/Thurs 11:00 a.m. – 12:00 p.m.
   Fri 9:00 a.m. – 10:00 a.m.
   Other hours by appointment (to set an appointment, please email: mboruah@purdue.edu)

4. **Lyles Teaching Assistants**
   Tarutal Ghosh Mondal <tghoshmo@purdue.edu>
   Ting-Chun Kuo <kuo63@purdue.edu
   Office: HAMP 1115
   Office Hours:
   Monday 10:30 a.m. – 12:00 p.m., 2:30 p.m. – 3:30 p.m., 4:30 p.m. – 8:00 p.m.
   Tuesday 12:00 p.m. – 8:00 p.m.
   Wednesday 10:30 a.m. – 12:00 p.m., 1:30 p.m. – 3:30 p.m. 5:30 p.m. – 8:00 p.m.
   Thursday 1:30 p.m. – 8:00 p.m.
   Friday 10:30 a.m. – 12:00 p.m., 1:30 p.m. – 5:00 p.m.

5. **Textbook:**
   Beer, F. P, Johnson, E. R. and Mazurek, D. F. Vector Mechanics for Engineers: Statics, 10th edition or **11th edition**, McGraw Hill.

6. **Specific course information**
   a. **Catalog description:** Statics of particles. Rigid bodies: equivalent systems of forces, equilibrium. Centroids and centers of gravity. Static analysis of trusses, frames, and machines. Friction. Area moments of inertia .
   b. **Prerequisite:** Undergraduate level MA 26100 and PHYS 17200
   c. **Course status:** required for all students in Civil Engineering (CE) and Construction Engineering (CNE)

**d. Specific course objectives:** To develop a basic knowledge of engineering mechanics, including review of vectors, computation of forces in a plane and in space, vector forces and moments on and between components of a structure, using a problem-based approach

**7. Planned travel dates for the semester**

Travel by the faculty members is a necessary part of research and professional society activities. All lectures will be conducted as usual, and efforts will be made to ensure that you can remain productive in the course during our absence. Any necessary further details will be provided as the dates approach.

**8. Attendance**

In accordance with Purdue University Regulations: "Students are expected to be present for every meeting of classes they are enrolled, (unless there is an emergency/health issue). All matters relative to attendance, including the make-up of missed work, are to be arranged between the student and the instructor involved." Any anticipated absences must be cleared with the instructors and the TA, in advance if possible, with a word-processed memorandum via e-mail stating the date and the reason for the absence or the absence will be considered unexcused. Only 2 unexcused absences will be allowed. Every unexcused absence over two will be penalized as follows: 3-5 absences – drop by 1 letter grade; 6-10 absences – drop by 3 letter grades, over 10 absences - "F" in the class. Any assignments missed on the days of any UNEXCUSED absences will NOT be accepted at another date.

Failure to be present at any class does not relieve the student of his/her obligations for the materials covered or assigned in class. **NO ABSENCES WILL BE EXCUSED ON DAYS OF SCHEDULED EXAMS. All assignments have to be turned in by the time and date specified or they will not receive any credit.**

When the student is unable to make direct contact with the instructor and TA and is unable to leave word with the instructor's department because of circumstances beyond the student's control, and in cases of bereavement, the student or the student's representative should contact the Office of the Dean of Students

**9. Major campus emergency**

In the event of a major campus emergency, course requirements, deadlines and grading percentages are subject to changes that may be necessitated by a revised semester calendar or other circumstances beyond the instructor's control. Here are ways to get information about changes in this course: (a) Blackboard Learn web page, or (b) course email list

**10. Readings and assignments**

The text and homework assignments play a major role in the presentation of the course. Students will be required to read the material in the text (provided in the weekly schedule) PRIOR to the particular session.

Assignments should be submitted on engineering sheets with pages clearly numbered, and problems clearly labeled. Assignments are to be handed in **at the beginning of class** (12:30 p.m.) on **the day they are due**. No excuses will be accepted for improper submissions of homework assignments.

Late assignments WILL NOT be accepted, and hence will receive no credit. Students should attempt the homework assignments by themselves BEFORE approaching the teaching assistant, the Lyles Teaching Assistants and the professor for additional assistance.

**11. Exams**

There are three exams (2 exams during the semester, 1 final exam) in the course. The exams cover material discussed in the lectures or included in the assigned readings up to the time of the exam.

**Exam#1 – Thursday, February 21, 2019 – 6:30 p.m. – 7:30 p.m. FRNY G140**
**Exam#2 – Thursday, April 11, 2019 - 6:30 p.m. – 7:30 p.m. FRNY G140**

**Final Exam – During Finals Weeks –** Date and venue of the final exam will be announced later. The Office of Registrar schedules the dates and times of final exams, and **the final exam can be scheduled on any day/any time between 7:00 a.m. on Monday, April 29, 2019 and 7:00 p.m. on Saturday, May 4, 2019. No make-up exams will be scheduled for any of the exams.**

All exams will cover the material as indicated in the tentative course outline below on pages 5-7. Any changes necessitated by unforeseen circumstances will be communicated in a timely fashion**.**

**10. Grading**

| | | |
|---|---|---|
| * | Assignments | 30% |
| * | All exams | 70% |
| | **Total** | **100%** |

There will be **no curve** for the final grade, only straight averages and summations. The ranges for grades are as follows:
Above 90.0 – A; 86.5 – 89.9 – A-
83.5 – 86.4 – B+; 80.0 – 83.4 – B; 76.5 – 79.9 – B-
73.5 – 76.4 – C+; 70.0 – 73.4 – C; 65.5 – 69.9 – C-
60.0 – 65.4 – D; Below 60 – F

All matters related to grading have to be presented through a word-processed memo, addressed to Professor Abraham and to the teaching assistant. The final and binding decision will be made by Prof. Abraham and the teaching assistant. If there are any further unresolved questions regarding the grading issue, they can be directed to the Head of the Lyles School of Civil Engineering.

**11. General Course Policies**

Students are expected to be in class on time, and attend the entire lecture. Cell phone use is not permitted in class, nor is the use of laptops for non-course (CE 297) related activities.

**12. Academic Dishonesty**

"Academic integrity is one of the highest values that Purdue University holds. Individuals are encouraged to alert university officials to potential breaches of this value by either emailing integrity@purdue.edu or by calling 765-494-8778. While information may be submitted anonymously, the more information that is submitted provides the greatest opportunity for the university to investigate the concern."

Students are expected to abide by the University Honor Code per the definition provided by the Purdue Faculty. Purdue prohibits "dishonesty in connection with any University activity. Cheating, plagiarism, or knowingly furnishing false information to the University are examples of dishonesty" (*University*

*Regulations*, Part 5, Section III, B, 2, a). The University Senate has stipulated that "the commitment of acts of cheating, lying, and deceit in any of their diverse forms (such as the use of ghost-written papers, the use of substitutes for taking examinations, the use of illegal cribs, plagiarism, and copying during examinations) is dishonest and must not be tolerated. Moreover, knowingly to aid and abet, directly or indirectly, other parties in committing dishonest acts is in itself dishonest" (University Senate Document 72-18, December 15, 1972). Student resources related to academic integrity can also be found online at www.purdue.edu/odos/aboutodos/academicintegrity.php.

Students are expected to abide by Purdue's Honor Pledge was developed by students to advance a supportive environment that promotes academic integrity and excellence. This statement written by Purdue students is "As a boilermaker pursuing academic excellence, I pledge to be honest and true in all that I do. Accountable together - we are Purdue."

**13. Grief Absence Policy for Students**

Recognizing that a time of bereavement is very difficult for a student, Purdue University provides some rights to students facing the loss of a family member through the Grief Absence Policy for Students (GAPS). Please review the policy at the following URL for more details on requesting excused absence for such times. **http://www.purdue.edu/studentregulations/regulations_procedures/classes.html**

**14. CAPS Information**

Purdue University is committed to advancing the mental health and well-being of its students. If you or someone you know is feeling overwhelmed, depressed, and/or in need of support, services are available. For help, such individuals should contact Counseling and Psychological Services (CAPS) at (765)494-6995 and http://www.purdue.edu/caps/ during and after hours, on weekends and holidays, or by going to the CAPS office of the second floor of the Purdue University Student Health Center (PUSH) during business hours.

**15. Accessibility and Accommodations**

Purdue University strives to make learning experiences as accessible as possible. If you anticipate or experience physical or academic barriers based on disability, you are welcome to let me know so that we can discuss options. You are also encouraged to contact the Disability Resource Center at: **drc@purdue.edu** or by phone: 765-494-1247. (retrieved from: http://www.purdue.edu/drc/faculty/syllabus.html )

**16. Nondiscrimination**

Purdue University is committed to maintaining a community which recognizes and values the inherent worth and dignity of every person; fosters tolerance, sensitivity, understanding, and mutual respect among its members; and encourages each individual to strive to reach his or her own potential. In pursuit of its goal of academic excellence, the University seeks to develop and nurture diversity. The University believes that diversity among its many members strengthens the institution, stimulates creativity, promotes the exchange of ideas, and enriches campus life.

Purdue University prohibits discrimination against any member of the University community on the basis of race, religion, color, sex, age, national origin or ancestry, genetic information, marital status, parental status, sexual orientation, gender identity and expression, disability, or status as a veteran. The University will conduct its programs, services and activities consistent with applicable federal, state and local laws, regulations and orders and in conformance with the procedures and limitations as set forth in Executive Memorandum No. D-1, which provides specific contractual rights and remedies. Any student who believes they have been discriminated against may visit www.purdue.edu/report-hate to submit a complaint to the Office of Institutional Equity. Information may be reported anonymously.
