Purdue West Lafayette/Indianapolis
School of Mechanical Engineering
Global Engineering Professional Seminar
ME (WL) 29000
WL Fall 2026

Course Information

Section	Meeting Day	Meeting Time	Location
001	Tuesday	10:30-11:20 am	PHYS 112
002	Tuesday	1:30-2:20 pm	PHYS 112
003	Thursday	1:30-2:20 pm	PHYS 112
004	Thursday	10:30-11:20 am	PHYS 112

Instructor(s) Contact Information

Name: Beth Hess
Email: bethhess@purdue.edu
Office Phone Number: 765-494-1363

Student Consultation Hours
Mon 12-1 pm, Tues/Fri 2:30-3:30 pm (ME 2204)

Open door policy (if the door to ME 2204 is open you are welcome to stop by and chat) or appointments can also be scheduled via email

Emails are typically returned within one business day; if you have not received a response within three business days please send a followup

Course Description

Credit Hours: 1.00. Forum on contemporary issues in the global profession of mechanical engineering. Professionalism and ethics. Interactions with engineering faculty and with professionals outside the University. Quizzes on assigned readings in the areas of globalization, cultural difference and collaborating across cultural boundaries. Individually developed professional profiles describe technical interests and convey awareness of ethical responsibilities in global context.

Course Learning Outcomes

By the end of the course, you will be able to:

1. Provide a solid foundation in global engineering skills.
2. Introduce the in global engineering community and encourage active involvement with professional associations such as ASME and SAE to develop teamwork and leadership skills.
3. Explore the ME Curriculum and identify resources available for planning a academic program including global literacies (language and area studies) and for obtaining diverse industrial experience appropriate for developing global competencies.
4. Support the development of a strong ethical framework for global professional workplace, including an appreciation for cultural differences, as a responsible member of the global engineering community.

Learning Resources, Technology & Texts

All course material will be available on Brightspace

Assignments

Assignment	Submission	Points Available
Attendance at weekly ME 290 class meetings (10 points per meeting)	Attendance will be taken during class (e.g., submitting a worksheet or from the class seating arrangement)	120
Week in Review (10 points per week)	See assignment details on Brightspace; submit on Gradescope by 11:59 pm every Friday	100 (the highest 10 scores will be included in the final grade calculation)
Pick up an **ME t-shirt**	T-shirts will be available at various events throughout the semester; watch for details on Brightspace or announced in class	10
Attend a **QPR Gatekeeper Training** session. Sign up here: https://www.signupgenius.com/go/10C084CACAD2DA2F4C61-65265607-fa26#/ *Note: you may opt out of QPR Gatekeeper Training; if you opt out, you will earn points by completing extra credit assignments (details will be available on Brightspace).*	Sign in to the attendance sheets provided at the training If you have completed the training previously (e.g., as part of the training to be a RA), please contact Prof. Hess for submission details	20 5 points extra credit will be awarded to students completing the training in September

Late assignments will not be accepted.

Grading Scale

A total of 250 points can be earned in ME 290. Total points will be rounded to the nearest integer and grades assigned as follows.

A: 225 - 250

B: 200 - 224

C: 175 - 199

D: 150 - 174

F: 149 and below

Attendance Policy

This course follows the University Academic Regulations regarding class attendance, which state that students are expected to be present for every meeting of the classes in which they are enrolled.

When conflicts or absences can be anticipated, such as for many University-sponsored activities and religious observations, inform your lab instructor of the situation as far in advance as possible.

For unanticipated or emergency absences when advance notification to is not possible, contact your lab instructor as soon as possible.

For cases that fall under excused absence regulations, you or your representative should contact or go to the Office of the Dean of Students (ODOS) website to complete appropriate forms for instructor notification. Under academic regulations, excused

absences may be granted by ODOS for cases of grief/bereavement, military service, jury duty, parenting leave, or certain types of medical care. The processes are detailed, so plan ahead.

A seating chart will be provided to assist with taking attendance.

Course Schedule

The Course Schedule is posted on Brightspace (see "Schedule and Assignments" module).

Course Logistics

Unless stipulated as an accommodation through the Disability Resource Center (DRC), **all electronic devices must be put away during ME 290 class sessions**. This includes cell phones, laptops, tablets, headphones, and other personal electronic devices. This expectation is intended to promote engagement and attentiveness during presentations by ME 290 speakers, as well as provide an opportunity to take a break from technology for 50 minutes each week.

A reminder to put away electronic devices will be given at the beginning of class, along with one additional reminder if needed. If these reminders are not followed, consequences may be administered, such as a reduction in attendance grade.

Academic Integrity

Any violation of course policies as it relates to academic integrity will result minimally in a failing or zero grade for that assignment, and at the instructor's discretion may result in a failing grade for the course. In addition, all incidents of academic misconduct will be forwarded to OSRR where university penalties, including removal from the university, may be considered.

Academic integrity is one of the highest values that Purdue University holds. Individuals are encouraged to alert university officials to potential breaches of this value by either emailing integrity@purdue.edu or by calling 765-494-8778. Concerns may be reported anonymously.

AI Policy

Artificial Intelligence (AI) tools may be used to support learning in ME 290. Students are expected to use these tools transparently and responsibly. See assignment details for how AI use should be reported in submissions.

Nondiscrimination Statement

Purdue's full Nondiscrimination Policy Statement is included in the Academic Resources table on your Brightspace homepage.

Accessibility

Every member of our course should be able to access, use, and learn from the materials we share. This includes all course related digital content that you and I share in the course. This approach helps promote equal access for everyone at Purdue and is mandated federally by Title II of the Americans with Disabilities Act (ADA). We will work together to provide this access within our Brightspace course.

- My part, as the instructor, is to make sure all course materials shared to Brightspace, such as documents, slides, videos and audio, and images, meet accessibility guidelines and to assist you in making sure anything you share is accessible. If we can do anything further to support your access to and engagement with course materials, please notify me.
- Your role, as a student, is to make sure anything you post for other students to engage with is also accessible, such as peer grading, peer feedback, and discussion board posts. This expectation is built into all course assignments that require you to post to Brightspace.
- A good starting place for students and instructors is to bookmark and review the Innovative Learning Accessibility Checklist for guidance on creating accessible materials. We need to work together to make sure all materials on our course Brightspace are accessible.
- If you select materials to share on our Brightspace from Purdue Libraries catalog or databases, best practices include choosing items that:
    - Can be downloaded in full
    - Are available in EPUB or HTML formats
    - Include alternative text for written materials or captions for audio/visual content

Accommodations

Purdue University strives to make learning experiences accessible to all participants. If you anticipate or experience physical or academic barriers based on disability, you are encouraged to contact the Disability Resource Center at: drc@purdue.edu or by phone: 765-494-1247, as soon as possible.

If the Disability Resource Center (DRC) has determined reasonable accommodations that you would like to utilize in my class, you must release your Course Accommodation Letter to me. Instructions on sharing your Course Accommodation Letter can be found by visiting: How To Use Your Course Accommodation Letter. Additionally, you are strongly encouraged to contact me as soon as possible to discuss implementation of your accommodation.

Mental Health/Wellness Statement

If you find yourself beginning to feel some stress, anxiety and/or feeling slightly overwhelmed, **try** Therapy Assistance Online (TAO), a web and app-based mental health resource available courtesy of Purdue Counseling and Psychological Services (CAPS). TAO is available to all students at any time by creating an account on the TAO Connect website, or downloading the app from the App Store or Google Play. It offers free, confidential well-being resources through a self-guided program informed by psychotherapy research and strategies that may aid in overcoming anxiety, depression and other concerns. It provides accessible and effective resources including short videos, brief exercises, and self-reflection tools.

If you need support and information about options and resources, please contact or see the Office of the Dean of Students. Call 765-494-1747. Hours of operation are M-F, 8 a.m.- 5 p.m.

If you find yourself struggling to find a healthy balance between academics, social life, stress, etc., sign up for free one-on-one virtual or in-person sessions in West Lafayette with a Purdue Wellness Coach at RecWell. Student coaches can help you navigate through barriers and challenges toward your goals throughout the semester. Sign up is free and can be done on BoilerConnect. Students in Indianapolis will find support services curated on the Vice Provost for Student Life website.

If you're struggling and need mental health services: Purdue University is committed to advancing the mental health and well-being of its students. If you or someone you know is feeling overwhelmed, depressed, and/or in need of mental health support, services are available. For help, such individuals should contact Counseling and Psychological Services (CAPS) at 765-494-6995 during and after hours, on weekends and holidays, or by going to the CAPS offices in West Lafayette or Indianapolis.

Emergency Preparedness

In the event of a major campus emergency, course requirements, deadlines and grading percentages are subject to changes that may be necessitated by a revised semester calendar or other circumstances beyond the instructor's control. Relevant changes to this course will be posted onto the course website or can be obtained by contacting the instructors or TAs via email or phone. You are expected to read your @purdue.edu email on a frequent basis.

See Purdue's Information on Emergency Preparation and Planning. This website covers topics such as Severe Weather Guidance, Emergency Plans, and a place to sign up for the Emergency Warning Notification System. I encourage you to download and review the Emergency Procedures Guide.

The first day of class, I will review the **Emergency Preparedness plan for our specific classroom**. Please make note of items like:

- The location to where we will proceed after evacuating the building if we hear a fire alarm.
- The location of our Shelter in Place in the event of a tornado warning.
- The location of our Shelter in Place in the event of an active threat such as a shooting.

Basic Needs Program

If you are facing challenges securing basic needs such as food, housing, transportation, health services, or access to technology or childcare resources and believe this may affect your performance in the course, please contact the Office of the Dean of Students (ODOS) to help coordinate with community resources. These services vary by location. In West Lafayette, see

the Basic Needs Program website, or email basicneeds@purdue.edu. To connect with a Student Support Generalist on the Indianapolis campus, contact them by phone at 765-495-7797 or email studentlifeindy@purdue.edu.

This syllabus is subject to change. You will be notified of any changes as far in advance as possible via an announcement on Brightspace. Monitor your Purdue email daily for updates.
